Sub: Vibe Coding Course – Code with AI

Dear Sir

Please find herewith our proposal for the aforesaid training course .The course is for UG/PG students & fresh graduates of any discipline , want to enter into software development field having no prior coding experience. But basic computer literacy is a must .

The Course duration is about 60-70 Hours.

Module 1: Introduction to Coding with AI (3 hours).

Module 2: Understanding Tech Stacks (5 hours)

Module 3: Software Development Fundamentals (5 hours).

Module 4: Setting Up Development Environments (4 hours)

Module 5: Prompt Engineering for Coders (10 hours)

(Adapted from our earlier Prompt Engineering Course but with coding in focus)

Module 6: Building Apps with AI Assistance (10 hours)

Module 7: Git & GitHub Essentials (5 hours)

Module 8: Real-World Coding Practices (8 hours)

Module 9: Capstone Projects – Simple, Advanced & Chatbot (10 hours)

 Fees

- ₹22,000 + GST per student
- Includes: 60-70 hours of structured learning, hands-on coding labs, AI-driven exercises, 2 projects, GitHub hosting, and a completion certificate.

For Escalating Abilities LLP

1 - 2 - 1
